

Digging Numbers: Elementary Statistics for Archaeologists

By Mike Fletcher, Gary Lock

Oxford University School of Archaeology. Paperback. Book Condition: new. BRAND NEW, Digging Numbers: Elementary Statistics for Archaeologists, Mike Fletcher, Gary Lock, This fully revised second edition retains the hands-on simple approach of the first edition but with some significant modifications. Still covered in detail are descriptive and inferential techniques with each one worked through by hand on a common data-set, but new is a chapter covering an introduction to multivariate techniques. A new section provides SPSS PC programs designed with the beginner in mind. This book provides a practical manual to enable any archaeologist to start using statistics, as well as some more thoughtful considerations of the strengths and weaknesses of statistical methods and the results produced.

Basically no terms to clarify. It is actually written in basic terms rather than confusing. I found out this ebook from my dad and I suggested this book to find out.
