

First Blood: Birth of the Vampire 1732-1897 (Paperback)

By Bram Stoker, Samuel Taylor Coleridge

Phoenix Pick, United States, 2011. Paperback. Book Condition: New. annotated edition. 234 x 155 mm. Language: English . Brand New Book ***** Print on Demand *****. After it had been reported that in the village of Medvegia the so-called vampires had killed some people by sucking their blood, I was, by high degree of a local Honorable Supreme Command, sent there to investigate the matter thoroughly along with officers detailed for that purpose. *** So begins the 1732 military report by an Austrian official with respect to an incident he had been sent to investigate. *** It is also the first piece in this collection that traces the development of the myth of the Vampire through the eighteenth and nineteenth centuries, culminating in the publication of Bram Stoker's Dracula. *** With complete annotated texts and commentary describing the development of the myth, this collection contains the following pivotal pieces which led to the birth of the modern Vampire: *** Visum et Repertum (Military Report, 1732), The Vampire (Heinrich August Ossenfelder, 1748); William and Helen (Sir Walter Scott's adaptation of Gottfried August Burger's Lenore, 1794); The Bride of Corinth (Johann Wolfgang von Goethe, 1797); Christabel (Samuel Taylor Coleridge,...

This book is definitely not simple to begin on studying but quite fun to see. I actually have read and that i am sure that i will gonna read through yet again once again in the foreseeable future. It is extremely difficult to leave it before concluding, once you begin to read the book.
