These Hidden Laws can be used to our advantage by being aware of their power and understanding the impact they can have upon daily interactions. The Law of Vibration: existence of One power that provides a connection of all living things, with the universe. We are all, connected to each other, by this force. The Law of Cause and Effect: what goes around comes around. You get what you give. This law is the Karma creator. The Law of Attraction: how to use this law in order to attract anything and everything into your life. The Law of Free Will: the freedom to make choices, taking charge of your destiny. The Law of Creation: Creating reality via the thought process and language used, on a daily basis. Are your thoughts and speech sabotaging your life? Are you creating a discordant energy flow? Each of the Hidden Laws is presented and explained in simple terms. Examples are shown, to indicate the way each law impacts the lives of various people. A brief outline of my personal journey, a struggle back to health, is also included. This journey led me on a spirit quest, which led to the discovery of the Hidden Laws and the existence of life-after-death. The information presented can be used to effectively, take charge of many aspects affecting daily life. The potential for empowerment exists, by using these tools of divine co-creation. It is my goal to create awareness and understanding of these laws, to you, the reader, so that you may use them to your best advantage.
