I have managed multiple IT companies in the fields of programming, design, and marketing. I have experience in web development, apps, security, sysadmin, databases, project management, call centers, QA, and much more. I have been working with offshore resources for over 15 years. This course will summarize my 15 years of experience working with offshore teams and freelance individuals. Companies in North America and Europe are currently looking for offshore resources with the knowledge and skills outlined in this course. The more you fit the profile, the easier it will be for you to be...
