Brand New Book ***** Print on Demand *****.Excerpt from Automatic Pistol Shooting: Together With Information on Handling the Duelling Pistol and Revolver Though my last edition of Hints on Revolver Shooting was published only four years ago, I find it now necessary, owing to the advance of the automatic pistol, to revise it thoroughly and to add new chapters. Till quite recently, the automatic pistol had many defects, both as to balance and as to safety, chiefly in the latter respect, so that only a very careful expert could handle one without danger to the public and to himself. This has now been altered, and with safety bolts and external hammers several automatic pistols are quite safe for the use of experts. They are still very dangerous in the hands of ignorant persons; a revolver is dangerous enough in such cases but the automatic is much more so. I shall try to explain how any one possessing mechanical knowledge can, by observing certain precautions, safely carry and shoot an automatic pistol. Reviews

This book is definitely worth acquiring. I have go through and so i am certain that i will likely to read through again in the future. Its been printed in an exceptionally basic way in fact it is only after i finished reading this publication in which actually altered me, change the way in my opinion.
