Smith Who needs a book about security? More small businesses are attacked than homes. Seventy percent of corporate break-ins are motivated by money or political reasons. The other 30 percent are random attacks to grab what ever unsecured assets are available and cash in on your hard work. Sadly, more than half of the successful attacks on businesses come from disgruntled employees, fired staff, temporary workers, and opportunists. The rest comes from organized criminals aiming to clean you out. These perpetrators want to pilfer your proprietary property, cheat your customers, hinder your employees, and attack the heart of your business - your information systems and your vital physical assets. The good news is that security technology is more affordable and more reliable then ever. The bad news is that the bad guys are more clever and vicious then ever. This book is about protecting your resources, your infrastructure, and your customers. If you re...
